# Prisma™

beauty in gardening

# ***Brand Story***

Prisma garden tools are designed to go beyond function — transforming everyday gardening into a more expressive, enjoyable, and visually inspiring experience. Thoughtfully crafted and beautifully colored, Prisma tools celebrate the personal connection people form with their gardens.

---

## ***Expression of Personal Style***

Gardening is an extension of individual taste and creativity. Prisma tools allow gardeners to express their personal style while caring for their outdoor spaces, bringing intention and individuality into every task.

## ***Creating a Positive and Uplifting Environment***

Color plays a powerful role in how we experience our surroundings. Prisma tools are designed with vibrancy and balance in mind, helping turn routine gardening into an uplifting, visually engaging ritual.

## ***Encourages Engagement***

When tools feel good to use and look good in hand, people are naturally drawn to spend more time with their plants. Prisma tools encourage deeper engagement, making gardening more inviting, enjoyable, and rewarding.

## ***Inspiring Creativity***

From garden layouts to plant pairings, creativity thrives in spaces that feel personal and inspiring. The visual appeal of Prisma tools becomes part of the creative foundation that shapes outdoor living spaces.

## ***Designed for a New Generation of Gardeners***

Prisma was created to answer a simple truth: many gardeners want tools that reflect who they are — not just what they do. By reimagining color, form, and experience, Prisma offers a fresh perspective in a category that has long been defined by convention.
